Five Towns College
305 North Service Road
Dix Hills, NY 11746
631-656-2185

Project Description

Nelson & Pope was retained by the College to provide planning, surveying and engineering services for the construction of four two story dormitory buildings, each housing 52 students. The housing complex is contained within a secured area including a gated entrance and guard booth. As part of the approval process, N&P represented the College before the Town on zoning, engineering and environmental issues.
