Project Description

Nelson & Pope was retained by the Town of Oyster Bay to redesign the intersection and a vacant parcel of land at Berry Hill Road and South Street (Route 106). This area serves as the gateway to the Hamlet of Oyster Bay. The project design was the result of N&P's facilitation of negotiations with The Town, Theodore Roosevelt Committee and NYSDOT. N&P was involved in the utility relocation coordination, traffic signal redesign, site plan preparation, bidding and construction observation.
